Customer Reviews

What a joy and pleasure to read about two badly mistreated orphans who found true love through trust and courage. God never fails His children who have faith and trust in Him. Very inspirational..... I would recommend this series to anyone who enjoys historical, old-fashioned, clean romance. Short, but sweet. Happy reading!!!

I loved reading these two stories of Melinda and Amy. I could easily understand their feelings of sadness and fear as I, too, was in an orphanage. The plight of Shadow and Bella was a beautiful story full of intrigue and love. I would highly recommend these two stories.

This is the first review of any of the mail order brides books. I have read most of the books by this author and they were all wonderful, but these two books touched more than any books I have ever read. This is not only the story of two young ladies finding the loves of their lives after being sold as mail order brides. It's the touching story of one of God's most beautiful creatures, the wolf. It's a story that will make you smile, laugh and cry all at the same time.

I was spell bound by these stories. They uniquely ran together. Two main characters are orphaned girls sold into marriage. But that fact has a snag and one of the girls is refused when meeting their husbands. She is turned out with no money or place to stay and she has an injured hand. I thought the following plot was really interesting. I could not stop until the end.

An emotional love story. Amy is a very strong character and afraid to open up to anyone. Crawford has been treated badly by girls/women. How these two develop their relationship makes for a good

tale. Highly recommend. Melinda becomes a very strong character in the second book. Circumstances for her are quite different from Amy's. How she changes her life and moves forward makes an excellent story. There is a love story in here too. Both of the books are very good and I recommend them to one and all. I received a copy in exchange for an honest review.

I can just imagine this as the first of the wolf sanctuaries. Only one problem was as I was enjoying another great story from one of my favorite writer's, I couldn't stop the sad feelings from beginning because the introduction made out that Bella was dead and Shadow died from losing his love. First book in long time I wanted skip to end. This was a wonderful way ending both books! Thanks Indiana for bringing not only a great story!, But the way you always bring out so many true and horrible injustices in a single story is amazing! From a wannabe writer to one of the great Authors.

This was a delightful set of books which are sure to keep you interested from beginning to end. Two Orphans are sold to a man who had husbands for them, the man was evil and had picked the men just for the money only one was not accepted. The first story was very enjoyable western historical romance kindle book from at a special price about finding love after getting to know each other. The second was taken in by a pastor until she met her special man. A must read for all the events that kept me entertained throughout the entire book before putting it down.

I liked the beginning of the first novel and how it segued into the second one. The two young heroines who were fearful and accepted their life changes with dignity and faith were remarkable. Also a great ending is always a plus. Two great stories.
