Shipping Weight: 1.6 pounds

Average Customer Review: 4.0 out of 5 stars [See all reviews](#) (3 customer reviews)

Best Sellers Rank: #1,015,185 in Books (See Top 100 in Books) #161 in [Books > Children's Books > Religions > Christianity > Biographies](#) #240 in [Books > Children's Books > Religions > Christianity > Bible > Study](#) #410 in [Books > Children's Books > Religions > Christianity > Bible > Reference & Interpretation](#)

## Customer Reviews

The artwork will draw your children into the book and the time spent searching through the pictures for hidden images will pay off as your children learn about the world into which Jesus was born. The book focuses on what Jesus and his friends might have been taught by their parents about their heritage and their God. Your kids will have fun searching for items relating to each picture's biblical theme as well as the ten important items that are found again and again throughout the book. And you'll find it painless to read this book with or to your child(ren). The illustrator has incorporated many humorous visuals to keep adults chuckling. The author has provided helpful "parents' guides" to make talking with your children about the important lessons in the bible easy. Before you know it, you and your kids will have learned a great deal about the Old Testament. The National Catholic Press named this 2nd book in the "Can You Find?" series its top children's book of the year (1999) as it did "Can You Find Jesus?" in 1997. This is a great gift for parents, grandparents, godparents and adult family friends to give youngsters whose spiritual development they care about. It's a sure bet to become one of those books your kids save to share with their kids...

My Sunday School class (ages K - 4th grade) all found this one not as much fun and a little too difficult. I also don't like the size of the book as it won't fit well on a cabinet or book shelf in our room. We have early bird free time while we are waiting for the lesson to start and this book usually sits on the shelf and doesn't get chosen by the children. The other search and find books get chosen by the children over and over but this one is not as user friendly. The pictures are pretty and accurate and I have used the book to illustrate a story but I'm not sure what age audience would enjoy the search and find aspect.

This was a gift for my Goddaughter... she loves to "read" it and now her little brother is enjoying it too.
