## Synopsis

We are all beautiful and full of potential and we have the right to be happy! Does every child know that is true? Do you? How Anansi Learned Self-Esteem is a collection of ten original stories written and illustrated in a delightful and entertaining way to make ideas about self-esteem available to young readers and listeners. Its purpose is to help those in its audience define themselves in ways that lead to lives full of possibilities motivated by joy rather than lives of limited choices motivated by fear. These stories are meant to provide a forum for children and adults to talk about self-esteem. In this collection, Anansi the Spider learns through conversations with others and himself while on his journey. We can do the same. This book is one tool that can be used to help us develop something that is necessary for living successful lives, positive self-esteem. ## Customer Reviews

I believe the author of this book must have a background in child Psychology. Either way he did a marvelous job portraying the values needed to succeed in life. They were well spelled out, cautionary tales based on family values and self-confidence. They are so inspiring, even I get something out of it every time I read it to my 7 year old! The lessons were clearly outlined without ambiguity as to what the right thing to do was. There was a careful presentation on the difference

between right and wrong, and the difficult choices that may come your way in life. The use of adinkra symbols and original proverbs based on traditional Afrikan stories were an excellent touch. I am buying ALL of this authors' books because this one was so awesome!

very happy
