Our family LOVES the Bible App for Kids, and our kids were so excited when they saw that their favorite app was now a book! I can't wait to incorporate it into our nightly bedtime story routine. Thank you YouVersion and OneHope for giving parents like us great tools to help our kids fall in love with God's Word!

Nothing better you can do for your child or grandchild. They will grow up loving God's word. One mom said I never dreamed I would have to make my child stop reading or listening to the bible. They just don't want to put it down !

We love this Kid's Bible and it is a welcome companion to the Jesus Storybook Bible, our family favorite. Great text, colorful, clear, and theologically on spot.

My kids LOVE the Bible App for Kids on their iPods. My 7-year-old has been inspired to start a Bible study at school (at age 7!) and can't wait to take his new Bible App for Kids Storybook Bible to share with his friends. Although he reads really well, he knows all of his friends will enjoy the great illustrations and easy to understand stories. Thanks YouVersion and OneHope for the awesome resource!

My kids have loved the app, and now we are enjoying reading this storybook Bible together as a family. The illustrations are beautiful, colors vibrant, and story poignant. We are giving this to everyone with kids in our family for Christmas because there's nothing better we could give them than the story of Jesus.

I can't give this enough stars! Bright colorful pages with fun, vivid illustrations and large print the kids can follow along. It tells the Bible in a very accurate yet age appropriate way for kids to understand. I can't rave enough about this! Three problems solved for me: 1 My son would rather watch a movie than have bed time stories--- until this arrived! 2 he was uninterested in other versions I've tried--until this one. He won't let me put it down. 3 even with children bibles I still struggled to "edit" it into age appropriate terms! -- not with this one. It has opened up discussion with my son and me. It has questions for the Parent to ask the kid for a very interactive approach.

Our four year old already loved the free app. But now she's fallen in love with the Storybook as well, asking every night to please read the "Jesus Book".

I am very pleased with this product. I ordered this a week ago and it came on time and good condition. I always loved the YouVersion bible app and the kids one as well for my baby. She loves when I read it to her every night. The colors are beautiful, and the stories of course are Wonderful. We Love God and this book has made it easier for my baby to learn more about GOD. I will totally recommend this product to a friend.
