Burma Chronicles

Synopsis

THE POPULAR TRAVELOGUE NOW IN PAPERBACK From the author of *Pyongyang: A Journey in North Korea* and *Shenzhen: A Travelogue from China* comes *Burma Chronicles*, an informative look at a country that uses concealment and isolation as social control. It is drawn with Guy Delisle's minimal line, interspersed with wordless vignettes and moments of his distinctive slapstick humor.

.... to have this booklet by Your side...Ok - everyone has to chant this little melody, an adaption of "If you're go'in to San Francisco, be sure to have a flower..etc..etc ... , BEFORE entering the nice country that is know known as Myanmar, Because it will be the last happy melody to chant for the next time being. So, here we have the known Cartoonist Guy Delisle, his beautiful Doctor Wife, working for MSF, and their son, Baby. First they were bound - happily accepting - for Guatemala. Then - a change - Guatemala is too dangerous - they will go to Myanmar...A lot less dangerous???

So, after You have studied this book with all its ca 300 pages, You know all about Myanmar, aka Burma, and even more that You wanted ever to know about it!! did not see this book - no page of it - as other than a secret love affair of the author with this oh soh "Land without Smiles" or "The Farest Place far away from Democracy", as it was known to my little self in July in 2012 - since then there went a lot of water down the Irrawaddy! This book, designed and written by Guy Delisle is nothing else but a declaration of love!!! A love that took its time to sprout, to bloom, to make a full flower, and, maybe also a fruit. I read other books by this author, *Shenzhen: A*

Travelogue from China and Pjöngjang a travelogue from North Korea, but this one seems to be his most mature work.
