In fifty-five, two-page chapters, Fr. McBride breaks open and explains the much longer Catechism of the Catholic Church. Each chapter includes an opening narrative, a Q&A with responses excerpted from the Catechism, a prayer, a glossary of words and terms, and a personal reflection. It’s a marvelous resource, with crisp writing and orthodox explanations. Fr. McBride also provides a brief history of catechesis that examines the failure of methods preached by catechetical elites for the past forty years. Anyone stuck in a vacuous "let’s sit in a circle and talk about the Sunday readings" RCIA program, i.e., the RCIA program of a typical American parish, should treat this book as a godsend.
We have been using this text for 3 years in RCIA to replace a program with little hard core catechetics in it. Both the team and the inquirers are well pleased with it. It should be used with a bible and The Catechism of the Catholic Church.

Easy read, great explanations. I will definitely be referring back to my highlighted sections. I would definitely recommend this to anyone wanting to understand what the Catholic Church’s teachings are. As it has been explained to me, the Catechism is like a guidebook for life to go along with the Holy Bible. I am in RCIA - joining the Church in just 2 weeks - and still coming to understand many of the Church’s teachings. I expect it could take years to fully accept them all, and I may never understand them, but this book helps to explain and points to the places in the Holy Bible where the teachings are taken.

I was introduced to "Essentials of Faith" by a Deacon who runs an RCIA program. I now use it in the parish RCIA of which I am the director. The chapters are concise and offer points to reflect on as well as prayers. The book is a valuable resource for RCIA programs because it doesn’t overwhelm the catecumens and candidates. Richard J. August, St. Francis de Sales Parish.
