When A Heart Stops (Deadly Reunions Book #2): A Novel

Synopsis

Spunky and outgoing, nothing much bothers medical examiner Serena Hopkins--except for the thought of falling in love again. But when a serial killer is picking off her former classmates, Serena's life becomes intertwined with her old high school crush, FBI agent Dominic Allen. Is the secret she's keeping putting her next on the killer's hit list? Can she trust Dominic with the truth before it's too late? Intense, emotional, and fast-paced, *When a Heart Stops* will have readers up late as they race to the finish to find out what happens.

Customer Reviews

Okay, Lynette Eason! You are an awesome author, but...*sigh*...must you torture me with yet another cliffhanger?? Don't worry, dear reader, I mean this in the best way possible! While I'm not the ideal model when it comes to patience, I'll be the first to admit a cliffhanger has its advantages--such as making you that much more eager to get your hands on the next installment! And such seems to be the case with Eason's *Deadly Reunion* series. *When the Smoke Clears* left the readers with many questions answered...but many more left unanswered! And as *When a Heart*

Stops comes to a pulse-pounding ending, the reader is left longing for the release of the next book. I always love when a suspense book is written so well that *I* am left on edge and jumpy right along with the characters. And in *When a Heart Stops* there was several times I had to stop reading and check to make sure there wasn't any creepy psycho-killers looking at me through the window, (Though it probably didn't help that I read this book at night after everyone had gone to bed and the house was eerily quiet! Haha!) As for the characters...they're awesome! I've loved Serena ever since the first time I read about her (In the *Women of Justice* series), and getting to find out more about her previous life really made her come alive and endear herself to me even more. Dominic was...wow! He was good-looking, a total gentleman, had a cool-sounding name (I know, I know!) and...in short, he was totally sigh-worthy! The fact that Serena was a medical examiner might be a bit disturbing for some readers. While she does do several autopsies during *When a Heart Stops*, Eason doesn't go into too much detail. So those with weaker stomachs shouldn't get too grossed out.
