John: A 12-Week Study (Knowing The Bible)

Synopsis

The Gospel of John reveals an unmatched portrait of Jesus and is arguably the most theologically and philosophically profound account of his life, death, and resurrection in the New Testament. From revealing Jesus's cosmic identity as being with the Father in the beginning, to recounting the many miraculous signs attesting to his mission and divinity, this guide encourages us to worship Christ as Lord and to follow him on mission in the world.

Customer Reviews

I have been very pleased with this Bible study guide. We are 7 weeks into our 12 week small group overview of John's Gospel, and I have found that this guide certainly promotes excellent Scripturally-centered, Christ-centered, Gospel-centered discussion. Up to this point, it has avoided a pet-peeve of mine in small group study, any question beginning with the words, "How do you feel...." Instead, I have found our group to be constantly directed into the Word of God during our discussions.

Our small group has been using this book in our study of John. It has been a wonderful resource. I like how it ties things in the Bible as a whole together with the passages being studied in John. I also am a fan of how the book gives a good deal of historical context and notes throughout the lessons. We have looked at and used many different books for our Bible studies, but will be looking at using other books by this author in other studies we do in the future.

This book encourages the group to actually read the Bible and learn more about the important gospel of John. Some inspiration books today are good in themselves but do not use the Bible as the main focus, but this book does.

I got this book to do a bible study with my group, and it has been working so far! :-)

Great text for a 12 week study!

Great study guide for the best-for-last Synoptic Gospel--The Book of John. Deepened my understanding and appreciation of John in the Bible; led to excellent group discussions.

Very thought provoking and interesting. Enjoyed looking deeper into this particular book and may try to do more of these in the future.

Well done. Thought provoking. opens the way for the Holy Spirit to relate to the reader/student.
