Customer Reviews

I was a little disappointed in the wear of the cover. Pieces were peeling off. I would not have purchased this book had I known the cover was such poor shape. I purchased it because of the comments written and the comments did not include that parts of it were peeling off. The book information is great!

Nice maps and info from Biblical times of Moses, Abraham and the other patriarchs... it's easier to understand the time line when you can see it.
