# Fragments Of Horror

## Synopsis

A new collection of delightfully macabre tales from a master of horror manga. An old wooden mansion that turns on its inhabitants. A dissection class with a most unusual subject. A funeral where the dead are definitely not laid to rest. Ranging from the terrifying to the comedic, from the erotic to the loathsome, these stories showcase Junji Ito's long-awaited return to the world of horror.

## Book Information

Series: Fragments of Horror (Book 1)

Hardcover: 224 pages

Publisher: VIZ Media LLC (June 16, 2015)

Language: English

ISBN-10: 1421580799

ISBN-13: 978-1421580791

Product Dimensions: 5.8 x 0.8 x 8.2 inches

Shipping Weight: 1 pounds (View shipping rates and policies)

Best Sellers Rank: #24,849 in Books (See Top 100 in Books) #61 in Books > Comics & Graphic Novels > Manga > Horror

## Customer Reviews

Junji Ito has been on hiatus for far too long and I am personally glad to see him back, because there's something about the weird and/or macabre tales he crafts coupled with his unique art style that appeases some inner horror need in a way only those black-and-white love letters can. I had recently watched Tokyo Fish Attack! (again) and read Gyo not too long before (again) and was thinking how some Ito would be great, then I stumbled across Fragments of Horror. It seemed like providence, or some 224 page horror equivalent anyhow. One of the issues we have always had in the US is getting Ito translated and especially for random shorts, so I personally love these types of collections and think that a lot of Ito's work would benefit from the same treatment. Here, you have some work that reminds me of a few of his older entries collected in things like the Museum of Terrors, or like some of the shorts such as Blood Bubble Bushes. (FYI, you can find the uncollected works translated by some caring fans online if you are so inclined, plus you can purchase several collections.) For those unfamiliar with his works, you can check out more Uzumaki (this can be purchased in 3 books, or in a 3-in-1 volume), Gyo (this was also made into the anime film, Tokyo

Fish Attack!, and has two parts), Museum of Terror 1 - 3, Tomie (which is located in several shorts and has spawned numerous movies), Hellstar Remina, Voices in the Dark, and much more. Why Ito? Because he explores horror in sometimes terrible, oftentimes bizarre, and sometimes unnerving ways. Things like Uzumaki have a Lovecraftian feel to them, which Ito credits as the inspiration for some of his work. There are times when I think, "that is an amazing twist," and others when I think, "how did you think of that?"
