Grade Level: 2 - 5

Customer Reviews

Can You Find Saints? Introducing Your Child to Holy Men and Women is a great way to get young children interested in learning about the saints. I recently had the pleasure of sharing this book with my children, ages 5 and 9, and they enjoyed searching out the hidden pictures and learning about a plethora of saints. The book is richly illustrated and incredibly detailed. It's sort of like a Catholic Where's Waldo or Look and Find book. If you have children who are interested in books such as those, they will likely enjoy this book very much and learn about our Catholic faith at the same time. As a mom, I love it when books combine fun and learning. The book is comprised of thirteen picture searches. In every picture there are ten hidden pictures your child needs to find. Some of the searches are easy and others are a little more challenging. We've had this book for a few weeks

now and we still haven't found all of the hidden pictures. That's a good thing if you ask me, because it will not only keep children busy, but it will also serve to bring them back to the book over and over as they try to seek out all the hidden pictures. Every search has a different theme. One search is all about the Popes who have become saints, another focuses on how saints are identified, while other searches are dedicated to saints who are listed in the Liturgy of the Mass or the Bible. Within each search there is a list of specific things, actions or saints to seek out. The book does a nice job at explaining what you are seeing in the picture. The writing in the book is very approachable for young children. To help you further explain the pictures to your children, a parent guide is provided for each picture.
