## Customer Reviews

So here is something that i learned from this book... in both languages, the name is the same. Stop laughing... it seems logical now, but up until that point that i found the book online to order for my wife's classroom... I had no clue. And that is truth in saying that a book like this will teach any age. It is a bit of a stretch compared to what my wife is doing using the series from Keepsake Stories in her High school classes, but she is and the response is also positive so far. Great reads in any language

My son is 3 years old and I got this for him for Christmas. He loves it! He has asked to read it every night for the past week. We read it in Spanish, and if he picks it on a night that Daddy does bedtime, he can read the exact same book but in English! It is a very good translation, in my opinion. The
