With all of the concerns over religious issues in the USA and the world over, I started exploring many religions, just to understand what motivates people and what their beliefs entail. This is just one of many books I’ve recently purchased for my Kindle. I believe knowledge brings tolerance for other belief systems and can reduce fears while also uncovering myths about religions other than one’s own.
Very easy; broken down into the serious false beliefs of this false religion

Very well written and concise. Highly recommend.

I learned quite a bit about the JW. But my worship is still in the GODHEAD GOD JESUS AND THE HOLY SPIRIT THREE IN ONE?
