NEVILLE GODDARD
That you may receive the full benefit of these instructions, let me state now that the Bible has no reference at all to any persons who ever existed or to any event that ever occurred upon earth. The ancient story tellers were not writing history but an allegorical picture lesson of certain basic principles which they clothed in the garb of history, and they adapted these stories to the limited capacity of a most uncritical and credulous people. Throughout the centuries we have mistakenly taken personifications for persons, allegory for history, the vehicle that conveyed the instruction, for the instruction, and the gross first sense, for the ultimate sense intended. If you are looking for a Neville Goddard Reader or Neville Goddard Collection on imagination, this is the book for you. I AM, Imagination, Awareness of being, inner conversations are all related to creating our reality. Looking for Neville Goddard's Books? The Neville Goddard Collection is the book for you. **Customer Reviews**

Compiled and Edited by David Allen. Well this David Allen has done it again, great job. Wish he would allow us to look inside all of his books on Neville Goddard. I am still reading this book, but anything by Neville is amazing. This is a collection of 16 lectures from various years and the 1948 lessons which consist of 5 lessons and 3 chapters from 3 of his books, "The Coin of Heaven, To Him Who Hath, and Consciousness." To have this compiled like is what I have been hovering around in my own mind and thinking and now here it is in a nutshell. Very easy to read, which some of Neville's works can be intense to grasp or if your lucky to get it very easily.

Excellent book on the art and practice of manifestation. Anyone who is serious about manifesting their dreams must read each and every book by Neville Goddard. My life changed when I took his
advice and started using it every day.

Great read! Powerful words for those interested in living their dreams. The very fact that you have found your way to this book and are reading this review.....this book is for you. Highly recommend.

I love his books. For ME life finally makes sense.
