Customer Reviews

The graphics are so great! Unlike most of the other "graphic" bibles, this one is only Manga and no pages of just text. My husband read this from cover to cover in a couple days and was glued to the pages. However, it's accuracy is limited. Not to be used for reference or for studying. No verses, and some books are skipped.

The art was really well done. The stories were engaging. My daughter read it in two days because she could not put it down. Great way to get a child interested in the bible through something they enjoy.

It is very easy to read with the manga style even you are a first time reader or speak little English. It includes all main stories from both old and new testaments. It would be a great gift for your cared ones who have not read bible before or even the ones who have read bible. It will entertain you just like your first time experiencing the great bible stories. This manga bible is so interesting that after reading it, I went back to the regular bible to read the full version again. A strongly recommended

book!

Graphics are extremely ordinary. Manga usually means great artwork. The drawings are ok at best. Do not waste your money.
