Customer Reviews

I have been searching high and low for these classic Disney die-cut cover books. I love the quality of the ends and pages, and the hard covers. The stories stick very closely to the Disney movies of the same names, but get to the point of the stories a bit quicker. Even some of the dialogue is identical. But what I love most about these books are the extremely vibrant colors. Each page is as colorful as the next and they really keep my preschooler's attention. The print is a good size too, so she is starting to try and read along with me. Additionally, I have noticed that she seems hesitant about watching a movie she hasn't seen before, but if we read the book first, she wants to watch the movie also. These books have helped introduce her to many classics she might not have otherwise seen. They are great for bedtime, in the car, at Grandma's house, anywhere! I just wish they were easier to find, and a little less expensive. Overall, I would totally recommend Disney Classic Die-Cut books to anyone!

This book is the classic Peter Pan I remember as a child and the illustrations are beautiful. My son is 4 and this was a gift for him and he loves it. The cover of the book is cut out and I think makes it look really special in person. Great purchase.

It's a classic that everyone should read... who wants to grow up? Not me! Haha! Love the pictures, too!

Decent book. Bought it as a gift. We had previously received it as a gift. The attached charm is a choking hazard for young children but is well secured to the book

My grandson loves to have books read to him and this was a big hit, these Disney Classics with the cut out covers are really nice books!

I truly enjoyed reading this to my two sons! They both love the magic of Peter Pan. I strongly recommend this to all parents!

Great condition. Pages are colorful.. I own the Pinocchio, dumbo, jungle book, Alice collection and my daughter loves them!

Excellent hard cover book that was crisp. And clean when I got it. No names. Scribbled in it.
