Customer Reviews

A little background... I am in my mid 20’s and a high school teacher who loves to read when I can but doesn’t get much time to do it in. I picked up the twilight series a year ago at a students request and was pleasantly surprised. Once the series was finished I needed another one! Before Twilight I had not been into teen romance/ fantasy books especially with vampires and such. I saw a book-list of recommendations by Twilight followers and picked up the "House of Night" series by PC Cast.
This was worth reading and I am waiting for the next book to come. My husband now calls me addicted to Vamps since I started looking for a new series to pick up. I was strongly recommended to pick up the Vampire Academy series by my 20 year old sister who has always been a fan of this genre of books. Wow! I loved this series, I know I might get some backlash on this from serious twilighters out there but I would say this is a close second to twilight though it has a very different storyline/plot. I love the background Richelle Mead gives her characters even ones that don’t seem to significant at first. Rose is an amazing self conflicted character to read about. A young but amazing heroine conflicted between her life duty/purpose to protect her best friend Lissa, a last in her family royal, or choose another “alluring” path. Rose is a woman coming into her own through the series having to deal with self confictions while those around her often idolize her more than she likes. Oh, and the fact that there is a gorgeous & lethal male “mentor” named Dimitri in it doesn’t hurt! In this latest installment things heat up between a few characters and hard decisions are made that will touch everyone in the long run. I have enjoyed each of the books but "Shadow Kiss" is what I would call the best in series so far.
