I'm not sure why one the reviewers stated that she Supports the Obama Agenda. She is totally off track!!! Out of all the powerful prayers and impartations that can come from this book, I'm not sure how someone targeted her with the Obama Agenda. The focus of Apostle Kimberly Daniels book is how to effectively engage the enemy of our soul with Warfare type prayers.#1 There is an enemy#2 We can shoot blanks and hit nothing at all if we can't get to the root of spiritual issues / demonic cases#3 We are suppose to always pray for our leaders (especially the president of the United States). Does not matter if it was Obama, Bush, McCain or Whoever. It is a mandate of God that we cover and pray for those in high positions.#4 We need to know how to properly cover ourselves, leadership, family, cities, businesses and other areas. This book address many areas and even other areas that I didn't think it would cover such as the prayer watches, how to cover intercessors (which are the gatekeepers) and how to cover pastors and leaders that are up under the attack of witchcraft. This book is awesome and I'm going to gift one to my pastor and whoever else I sense by the spirit will benefit from having it in their library.
The subtitle of "Prayers that Bring Change" is a summary statement of this handbook: Power filled prayers that give hope, heal relationships, bring financial freedom, and more. Best selling author, Kimberly Daniels, has compiled a collection of prayers conceptualized during seasons of prayer with her intercessory prayer team. The book begins with prayers centered on changing the spiritual life. These are prayers designed to bring transformation to the individual reader. A selection of prayers that can change business and the world include prayers for: the economy, community revival, the president, celebrities, and prayers for Israel and the Middle East. There are powerful prayers for breaking out of bondage which lead to changes brought about through spiritual warfare. Another important emphasis are the prayers that bring change to marriage and family relationships. These intentional prayers of proclamation, confession, and intercession are anointed with the Holy Spirit’s touch. It is important for the reader to allow the His interaction, and the accompanying ministry of conviction, teaching, comfort, enabling, and empowerment to enter into the prayer for personal enrichment, transformation, and change. Kimberly Daniels has given us a strategic, Spirit led, resource of "Power Prayers that Produce Results" in her book "Prayers that Bring Change."
