# The Brave Little Parrot

## Synopsis

When a raging fire threatens to burn down the forest, all of the animals run away in fear. All except for one brave little parrot, who has an idea. Help me, she cries to the elephants, beseeching them to fill their trunks with water to spray on the flames. Help me, she begs the cheetahs, even as they urge her to flee and save herself. But the brave little parrot will not be daunted. Can the determination and courage of one small bird be enough to save a forest? Susan Gaber's majestic illustrations and Rafe Martin's lyrical retelling bring to life an inspiring tale from ancient India that will speak to today's readers.

## Book Information

Lexile Measure: 550L (What's this?)

Hardcover: 32 pages

Publisher: Putnam Juvenile (March 23, 1998)

Language: English

ISBN-10: 039922825X

ISBN-13: 978-0399228254

Product Dimensions: 8.9 x 0.4 x 11.4 inches

Shipping Weight: 13.9 ounces

Average Customer Review: 4.9 out of 5 stars [See all reviews](#) (10 customer reviews)

Age Range: 4 - 8 years

Grade Level: [Preschool - 3](#)

## Customer Reviews

I can't speak highly enough of this book. Although endearing to children, its message is profound for all ages: If something is important to you, act, no matter what the odds of success. You never know what the outcome might be, or who might be inspired by your action. I remember "The Brave Little Parrot" when I think I can't be bothered to put a sign in my yard, write a senator, or speak out on a highly controversial issue. It's a beautiful story, and is beautifully illustrated.

As the proud owner of a Senegal Parrot, I can't fathom why parrots aren't more popular than they are. There are any number of books about dogs (some good but many more with maudlin themes

like "Fifi, the dog that couldn't stop loving"). But there are very few books about parrots even though they are every bit as smart as dogs or cats (or even smarter) and they can --unlike dogs and cats-- fly and even more wonderfully talk to us and perch on our shoulders. Which is why I like this book so much. Like many children's stories, it seeks to impart a simplified moral message in a vivid and compelling manner and succeeds. The protagonist is a small parrot who bravely acts to save her friends and beloved forest when a fire threatens to engulf it. There is humor (the parrot perching on an elephant who is one of her friends) and there is poignancy (the image of the courageous avian flying above a firestorm doing what she can to put out the blaze while high above in the heavens indifferent gods joke about the "foolish bird" but one of these celestial beings begins to feel shame that while he stands aloof from the unfolding tragedy, the little parrot is doing everything she can and more to save her friends). I won't spoil the ending except to say that it's an uplifting and inspiring one (and given that it's a children's story, I don't think that counts as "spoiling it" anyway). So if you have kids who love parrots or just kids who are bored with the stories of dogs and cats doing pedestrian things or if you simply like (or are fortunate enough to own) a parrot, buy and read the book. You won't be disappointed.

What a great book for children! One brave little parrot chooses to do something to save its forest and all the residents there endangered by a spreading wildfire, ignoring everyone else who says, "This is too big a problem for you to solve." One god, seeing the heart, courage, and compassion of that little parrot, is inspired to help save the forest. The lesson here is beautifully illustrated and heart-rending. Give your all to help others and make the world better, even when it seems hopeless, and amazing things might happen. That brave little parrot, by flying in a different direction and doing what was right, inspired someone else to help who otherwise might not have. For pagan parents, this is a great example of polytheism and ethics in a format suitable for young children.

Wonderful story about personal bravery and perseverance. This book is beautifully illustrated. It includes many forest animals and also some semblance of Hindu gods. Probably best for 4-6 year olds.

Love this children's book. Purchased a used copy for an event at church. Copy came in great condition. This is such a wonderful story for children. Highly recommended.
