# Grace Not Law!: The Answer To Antinomianism

## Synopsis

We all know that antinomianism is a bad thing™. But what is it? What do antinomians think? What do they do? More important, how can believers be protected against antinomianism? Most Christian teachers, preachers and writers – whether they know it or not – are disciples of John Calvin, and they argue that the way to stop antinomianism is to preach the law, and by the law™, they mean the ten commandments. They preach rules and regulations to try to make believers conform to accepted norms of behaviour. Those who challenge this approach are castigated – and worse – for their pains. Well, David Gay is one who does challenge Calvin's™ system. But he doesn't do it for the fun of it. He is convinced the New Testament has a very different way of sanctification. We should not preach law; we should preach Christ. Believers should not be going to the law; they should be going to Christ. In his books, *Christ is All™* and *Four Antinomians • Tried and Vindicated™*, Gay has put forward his supporting arguments for this claim. He has also placed nine short addresses on the internet, in which he preaches™ New Testament passages which make the case. These have been transcribed, and are now published in this slim volume, in which they appear almost word-for-word: so while this book can stand on its own, it can also serve as a script to the actual hearing of the sermons. Gay hopes that many people will check what he says against Scripture, and see for themselves that the new-covenant way of sanctification is not by law but by grace. Gay does not only want to make a case. Sadly, too many believers live a life of bondage and misery through being taken to the law instead of Christ. He wants them to come into the full liberty of the gospel, and produce a Christ-like life in this pagan world. He also hopes that unbelievers might read his book, hear the gospel, and be converted. Bear in mind that the style is not typical of Gay's work – as above, it is an almost word-for-word transcription of addresses. This Kindle has a fully active TOC.

## Customer Reviews

I loved this book. So easy and quick to read and a great refresher and reminder on what it means to look unto Jesus and how important it is not to fall back under Law. There are many seeking to put us back under Law, Calvin was used in the past and today we see it coming through the Hebrew Roots movement, they are seeking to make believers think they need to obey Torah. The Law kills and will bring death but only the spirit of Christ brings life and peace. Get this book so you can better understand how important it is to take a hold of tightly, the 'law' that we, the believer is really under - the Law of Christ and Him crucified. It is Him we look to and trust. We have died to the Law so we can be married to another which is, to Jesus. I especially loved the two stakes in the ground analogy and ploughing from one end to the other whilst looking unto the other stake, and not looking to the right or left but to the stake which is at the other end! I've never read this before, it's one I'll never forget!!!! A great way to understand what it means to look unto Jesus, the author and finisher of our faith. This book was a most timely reminder for me at the moment, especially as I seek to better understand the Jewishness of the faith I have in Jesus, a Jewish Messiah. Saviour to Jew AND Gentile alike but One that doesn't want us to be entangled again with the yoke of bondage to the Law because it will bring a curse and death. Only in Christ will we find life. Get this book to help you understand the importance of not being entangled again with Law but being crucified with Christ and looking unto Him and obeying His commands, for it is He who is The Perfecter and Finisher of our faith, not the Law.

This short book brings such clarity to the troublesome issue of attempting to find a way to fit the Law of Moses and the trappings of an obsolete legal system meant for another people and another time.

Give it up and relish the liberty wherewith Christ has made us free! This is a marvelous read.

David Gay's teachings are thoroughly biblical, a breath of fresh air. You will be encouraged
